Dear Pastor and Faithful Friends,

Omaha Church Report:

We are so thankful to God for these past two months. We have seen God answered so many of our prayers. He provided money for free water and literature that we distributed during the 5 de Mayo parade in South Omaha. We witnessed, distributed hundreds of free water bottles, thousands of tracts, dozens of DVDs, and invitations. We had a small table and a nice sandwich sign in front of it so they could see our times of worship and prayer. Some said that they were going to visit us. We are praying the seed will fall in good ground. We are praising God for sending us a new family that has been visiting us. We are praying to the Lord of the harvest that He will send us more families to help us. We had one visitor in our Easter Sunday service. Her name is Elizabeth, she needs lots of prayer. Lydia and Rachel have been witnessing to many of their coworkers from work and we are praying that they will come to visit us and be converted. I am praying for small groups of teens or adults or families from our supporting friends and churches to come this summer for a day or two to help us evangelize or distribute tracts in our Omaha, Council Bluffs, and Lincoln area. We are planning to have a booth and distribute hundreds of tracts at the College World Series here in Omaha which brings thousands of people from all over the country. I have completed about one third of the Biblical Counseling Course that I am taking to help people.

Lincoln Church Report:

We thank the Lord for the ministry in Lincoln. We are having a visitor, his name is Agustin, please pray for his salvation. Marisol the lady that was converted needs lots of prayer. The teens have been enjoying the new class that we have for them. We are planning to distribute hundreds of tracts and invitations this summer. I am in a Spanish Cable Channel in Lincoln that is seen by over ten thousand people each week. I praise God for that privilege.

PRAYER REQUEST:

* That God will send us laborers, we need them.

FAMILY REPORT:

Lydia was accepted into the nursing program and Rachel is half way in her Math teaching, English minor degree in college. They want to use their skills for God overseas or in ministry here in the U.S. Josiah is learning how to drive and Hannah is learning the violin.

Sincerely,

Sal Johnson Family
