"Rekindling A New Flame To Cold Embers"

The Prayer of faith

10/03/2011

Calvary Baptist Church,

God truly is awaiting our prayers. He is actively looking for the opportunity to bless us. Our faith is the lacking ingredient in the mix. Without faith we are incapable of seeing through the din of the spiritual reality surrounding us.

Earlier this year, we went through the "Lord's prayer" phase by phrase. It was such an encouragement. We were blessed to not only learn about prayer, but also experience God answering it.

One of our families experienced a rally in the health of a love one which gave opportunity for the family to enjoy her a month longer before God's healing hand took her home.

My left leg had been sick for over a year without any real improvement. It was swollen from the knee down. It had landed me in the hospital for a week on antibiotics. Through prayer, God led and now only my foot is retaining water.

Another family's baby was without oxygen for 19 minutes during a breach birth. The concern was naturally that the baby was not brain injured. The grandmother had been attending our church since the loss of her husband months earlier. She was sceptical, but decided to "give it a try". God answered prayer after prayer that was given up for this little girl. He opened doors to medical help that seemed imperviously closed. Last Sunday Grandma gave the report that the little girl's brain waves tested normal.

Please continue to pray with us concerning this family. There are unfounded self blame issues surrounding the birth. Chelli has given them the contact information from a christian support group for families facing such difficulties. Pray that God will continue to open doors as the family really needs Jesus.

Our support level continues to plague us. With the weekend dollar and another church having to drop us due to the financial crisis, we are making two steps forward and one step back. Thankfully, we are moving forward.

Blessings abound! God has opened the hearts of his people and we have received offerings of such unexpected nature that we are truly humbled. Friends, fellow missionaries and churches have given to our needs. Our present need is down to \$750 more a month. We have "skyped" a missions conference last month and we are excited about the possibilities of this new venue. If your church is open to a "skype" conference, please contact us.
