Dear friends at Calvary Baptist Church,

The New Year is here! Students have arrived back at school and registered on the 7th. Classes began the 9th. I will be teaching Customs and Manners of Bible Times, Effective Teaching (freshmen), and Christian Education in the Local Church. I am currently busy preparing for classes and working on the Courier Newsletter for CBI.

I am tremendously thankful for you - your support in prayer and finances is such a blessing! You might **pray** about my support level and that of the rest of the Cornerstone staff. Due to the economic situation, our support levels have dropped some and it is difficult to make ends meet. I am quite thankful that we are able to get some food from the local food bank and that there are people nearby who provide us with eggs and meat and vegetables in season. What a blessing that is to all of us!

I just had the starter and a hose replaced on my van. Within the last six months I have had the radiator replaced and the brakes and transmission work. Hopefully there is nothing else that will need to be done for a while. Pray that it will stay “well”!

In Christ’s care,

Ruth J. Haynie

Angie Lehrman, Ruth Haynie, and Jessica Woolsey in the bookstore
