"The Gospel is good news only to those who hear it in time."

December 2017

The Finish of our Furlough

During this furlough, it has been great to report back to 31 churches. We will have driven 15,000+ miles and traveled through 17 different states by the time we leave! Thank you for all the love, support, and encouragement you have given us along the way.

We are looking forward to returning to Uganda on January 16. We have received good reports from the men of Ngora Baptist Church who have been faithfully serving God in our absence. They have told us how God has really helped them in their preaching. That the people have been supportive of them too. Kebina, the former witchdoctor, has been faithfully coming out to services as well.

Please pray for the following things as we head back to Uganda:

- All of our luggage to arrive without being stolen/damaged/delayed
- That we would have no hassle with custom officials
- For us to adapt quickly to the time change and the heat (we arrive during the dry/hot season!)
- That the Ugandan Immigration will quickly renew our three year work permit, dependent pass, and student passes
- That we would be able to settle back into our home quickly
- For God's blessing in reconnecting with the people of Ngora Baptist Church
- For each one in our family as we all adjust to the changes—leaving our three oldest in the States and taking only three children back to Uganda

If anyone would like more prayer cards, we have extras! Please contact us at 484 994-1514 (until January 15). After January 15, call our sending church at 610 948-8100.

Merry Christmas and a Happy New Year
from our family to yours!
